

Constructo 100 (wood cladding)

Article number: 10001104

Series: Constructo

Product description

Constructo 100 with wooden cladding combines an ideal waste bin for busy environments with a warm, natural appearance.

The robust steel base is finished with hardwood slats, giving the bin a natural look. This waste bin is supplied with a 100 L stainless steel inner liner.

Extra information

The Constructo 100 waste bin with wooden cladding is fitted with a robust stainless steel locking bar with double locking mechanism and is easy to empty.

Key features

- Easy to empty
- Made from strong materials with a high-quality finish
- Fully modular construction

Thanks to the special base plate, the waste bin can be mounted directly onto concrete or asphalt. The Constructo 100 is designed so that individual parts can be replaced separately, making repairs easy to carry out yourself.

Material frame:

Steel, 4 mm, hot-dip galvanized and two-layer powder coated 120 µm [in RAL colour of your choice](#)

Material panels

[Steel, 2,5 mm, smooth, covered with FSC 100% hardwood untreated, durability class 1](#)

Inner construction

[Stainless steel inner box](#)
